

From The Editor's Desk

The bearer said to the pot, "Did you notice that there were flowers only on your side of your path, but not on the other pot's side? That's because I have always known about your flaw, and I took advantage of it. I planted flower seeds on your side of the path, and every day while we walk back from the stream, you've watered them. For two years I have been able to pick these beautiful flowers to decorate my master's table. Without you being just the way you are, he would not have this beauty to grace his house."

Each of us has our own unique flaws. We're all cracked pots. In God's grateconomy, nothing goes to waste.

WHITE ELEPHANT SCHEDULE

Bob Germeroth	Mar 16
Larry Gilbert	Mar 23
Ed Heeren	Mar 30

WORLD ROTARACT WEEK

This week is World Rotaract Week and it is very significant to us because your club and the Laguna Hills club are jointly sponsoring a new Rotarct Club at Saddleback College thanks to Rotarians like Bob McQueen, and Ann Haggerty.

What is Rotaract? We know Interact is a club established in High Schools for High School students.

Rotarct is for young adults from ages 18 to 30 . And inot necessarily college students...in many parts of the world , the extended family of Rotary is made up of young adults whose purpose is to serve humanity and hopefully someday be in a position to join their local Rotary Club. (Cost is an important factor).

Organized in 1968, it brought the service club concept to young adults. There are now over 145,000 Rotoractors in 142 countries that do just about everything Rotary Clubs do including raising funds for community and international projects.

If you know of a young adult who would like to become a member of our new Rotaract Club..please contact Bob McQueen or Ann Haggerty.

Bob is our liason for both Rotarct and Interact and Ann is the librarian at Saddleback Collge and a member of the Laguna Hills Rotary Club.
