Business background: CEO of Royal Investment Corp, a Colorado Corp from 1968-1983. Business was involved in Residential and commercial properties development. President of Construction for Lincoln Property Co. in Colorado and California. Joined Security Capital Group in 1993 to develop a construction group for multifamily apartments in the Western U.S. Archstone Communities was created within the Group and later traded on the NY Stock Exchange and is now second largest owner/operator of multifamily apartment. Nels retired as Senior Vice president in October 2000.

FIREWORKS AND ROTARY!!

Thanks to Len White and the tireless workers of our club, over \$4,000 was raised for our charity fund. Actual sales amounted to \$6,700 and of that \$2700 was out of pocket expenses. A record amount and a far cry from a few years ago when we were lucky to break even and then we looked at it as a community service affair.. a fun raiser...rather than a fundraiser

The hot weather and a large crowd at the **Fourth of July Street Faire** resulted in our selling out early on the delicious Lemonade and we needed to rush for more supplies of lemons and ice. When the lights went out just before the fireworks, there was only one glass of lemonade left and our President Bill took care of that!!

There were many weary Rotarians and family and friends before the sun set including our "Huckster" Jim Peterson (shown above) who drove many a thirsty customer to the **RootBeer** and **Lemonade** stands.

The crowd also made short work of the **Ben and Jerry Ice Cream** and by 6pm only Cherry flavored was left! Congratulations, club and especially Len on a great accomplishment.

ATTENTION: NEED FOR FURNITURE!

We have adopted a second social worker in the same back- to- work program. Her name is Stacy. She has a new family of eight, five girls and a new baby. Father has finished job training and has started a entry level job. They have moved here from Virginia. The Social worker has provided them with a two bedroom apt. They could use a kitchen table, chairs, 1 or 2 dressers, shelf unit etc.more info to follow. [Bob McQueen, Vocational Service Director.](#)

 July 31 Dave Leckness

Next Board Meeting Wednesday August 8, 2001
7am YMCA

NEXT ISSUE: 'THE ROAST!'

**ROTARY AND THE
WORLD**

RI/Goodwill partnership to benefit 500,000 people with disabilities

Rotary International and Goodwill Industries International have forged an alliance to help half a million people with disabilities enter the workforce by the end of 2002. The project links Rotary's more than 30,000 clubs with other community-based organizations, including Goodwill, to increase employment opportunities for people with disabilities, and break down barriers to their workplace success.

With its network of 181 local agencies in the United States and Canada and 35 international associate members in 24 other countries, Goodwill will work with Rotary clubs to assess the needs of their communities and educate businesses on hiring people with disabilities. In addition, Rotarians will be encouraged to hire people with disabilities within their companies.

"Rotary and Goodwill Industries share a commitment to create and expand opportunities for steady and fulfilling employment for people with disabilities," said immediate past RI President Devlyn. "By working together, we hope to open doors for thousands of people who have been blocked out of the workplace."

The Goodwill-Rotary collaboration arose from Rotary's "Jobs for the World's Disabled" initiative, launched by Past RI President Devlyn in 2000.
