

## WOMEN HELPING WOMEN

Elizabeth Butterfield, Program Coordinator for Women Helping Women visited us with a message on how the organization offers a positive environment and economic self reliance to over 2000 women each year as they pursue job hunting. They now also offer 15 hours of Computer Classes. Many are entering the work force after years of absence and really need all the skills, appearance and self confidence to land a job in order to make a living for themselves and families. Our club presented a special grant of an additional \$1,000 over the \$500.00 the club contributed earlier in the year.

Volunteers we know include spouse members, Susan Frieder and Janet Boling.
