**BLIND CHILDREN'S LEARNING CENTER**

Steve Mugg presented a check for \$500.00 donation from our club to the Blind Children's Learning Center.

The Blind Children's Learning Center is there for the child and parents from diagnosis through every stage in the child's development - all the way to young adulthood. For over 40 years the Center has been providing direct services to blind and visually impaired children, birth through the 12th grade. Each year over 300 children benefit from the programs offered.

Where parents turn when they are faced with the knowledge that their baby or child is blind or has a severe visual impairment? At hearing this news many parents become immobilized. Studies have shown that of all disabilities, the diagnosis of blindness generates the most profound emotional effect on families. Once the shock wears off, parents start to look for answers. The most frequently asked question is: "What can I do for my child?" The Blind Children's Learning Center helps parents find answers. We recognize that the family is the most important influence in the child's life and we take a holistic approach.

Blind Children's Learning Center provides a full-range of programs and services to assist blind, visually impaired, and blind/deaf children, birth to 21 years of age and their families. The Center has become a Model for the Nation.

The Blind Children's Learning Center is a non-profit organization, we never turn away a child because of inability to pay. This is only possible with the help of donations! You may make donations through cash, in-kind gifts, memorials and bequests, special events and corporate/foundation funds. Your donations are fully deductible. (IRS tax I.D. # 95-6097023) The Center also offers volunteer opportunities - to work directly with the children or on a special project or committee.

Editors Note: Rotarian Jack Wallace's granddaughter, Ashly, has been attending the center for 2 1/2 years and will be graduating shortly.

It is through Jack that we found this worthy non-profit school.
